## Students, Found With Young Girls, Jailed

### SON OF RICH BERKELEYAN ACCUSED

Kenneth Monteagle and Curtis Tuttle Face Charges  
Arrested at Beach Resort in S. F. Girls' Company

SAN FRANCISCO, May 14.—As the culmination of a joy ride in the early morning hours, which included a round of the beach resort, Kenneth Monteagle, a student at the University of California and son of Louis F. Monteagle, millionaire capitalist and Cuban, whose home is at 2420 Ridge Road, Berkeley, and Curtis Tuttle, scion of a wealthy family and also a State University student, are under arrest at the city prison.

They are charged by the police with contributing to the delinquency of minor children. Two girls, Elsie Lomax, 18, and Gladys Lomax, her sister, 20 years old, were in the company of the young men when they were taken into custody and were later placed in the care of their father, Richard S. Lomax, a well-to-do confectioner and candy merchant of 1190 Market street.

The arrest of the parties together with Eddy Perry, proprietor of "The Crest" on the Ocean boulevard, occurred at 3 o'clock this morning. Corporal A. Skellern of the mounted squad and Patrolman J. Dean gathered in the quartet and all were taken to the Park station.

Neither Monteagle nor Tuttle would say anything regarding their apprehension, but Eddy Perry, brother of the Monteagle and son of J. W. Perry, declared this morning that the accused youths gave their ages as 22 and were forced to remain in prison in default of \$500 bail.

**HAD PARENTS' CONSENT.**  
The trip was made in Monteagle's motor car. The two young men called for the girls at their home in the St. Paul apartments, 474 Larkin street.

The trip was made with the full consent of Mr. and Mrs. Lomax, who, however, later declared that they had no idea that their daughters were to remain out until such an unseemly hour, or

### FAMILY FLEES MEXICO IS INSULTED BY FEDERALS

Rebels Are Friendly to Americans, Says Mining Man  
"We will stay in America until the rebels take Zacatecas. Then we will return to our mine, for the whole trouble in Mexico, as far as the Americans are concerned, is from the Mexican proper."

So declared Gustav McKay, who with his father, James L. McKay, a wealthy mining man of Mexico, and his mother, arrived in Oakland yesterday as refugees from the revolution-ridden land. The McKays left their home at their Zacatecas mines on April 22, and after a dangerous trip of 22 days succeeded in reaching American soil. The trip ordinarily would take 24 hours.

"It was a lot of fun," declared the elder McKay. "We didn't mind it much. We weren't hurt, but we got out to be safe."

"I do not believe we were in any serious danger," declared young McKay. "But we were forced to endure all manner of insults. We made the trip under British protection, which the Mexicans respected. In fact, I am afraid it might have gone hard with us but for that."

### Launch Candidacy of Francis V. Keesling

Friends of Francis V. Keesling of San Francisco, acting with apparent authority, proclaimed the latter's candidacy today for the Republican nomination for governor. Simultaneously campaign headquarters were opened across the bay and plans laid for a vigorous battle in Keesling's behalf. Keesling is at present in the south, having gone there to confer with Republican leaders who could not agree upon either District Attorney Fredericks or Joseph Scott.

The Republican county central committee will meet tonight and probably take up Keesling's cause formally.

### POET'S HOME HELD

Widow of Joaquin Miller Has Possession of Historic "Hights."

Through deeds filed with County Recorder Bacon today, Mrs. Abbie Leiland Miller, widow of the late Joaquin Miller, the poet, comes into practically entire control of "The Hights," the picturesque home established by Miller many years ago in the hills above Fruitvale.

With a movement on foot by which the city of Oakland hopes to purchase the property for a park site and to preserve the historic place, Aloysius McCormack, grandson of the late poet, has transferred his share in the estate, consisting of 52 acres, to Mrs. Miller.

Chincinnati Helms (Joaquin) Miller died in February, 1913, leaving no daughter, Juana Miller, and his grandson, McCormack, as heirs to the estate, which consisted principally of the property at "The Hights" and interest in his publications, the value of which has not been determined. McCormack is the son of the late Maude Miller McCormack, a daughter of the poet by a former wife. He lives in San Francisco.

### RESTITUTION CANAL OPEN TO OCEAN TRADE

Shortage of Harry L. Wright Estimated at \$9500  
Bonding Company Will Not Prosecute if Reimbursed  
Col. Goethals Permits Ships to Bear Cargoes Across Panama  
Culebra Cut in Emergency Could Admit Warship

WASHINGTON, May 14.—For the first time in the world's history water-borne traffic is now passing through the Panama canal, according to the reports that have been received at the headquarters of the Panama railroad in New York, forwarded here today.

Though confirmation of the report has not yet reached the Washington office of the isthmian canal commission, it is known that ample provision had been made by Colonel Goethals for the institution of water service, limited at first strictly to barges, beginning not later than May 10.

As a matter of fact, according to the Panama railroad reports, passage actually began last Saturday and a steady stream of barges in tow is now passing through the canal.

The tremendous congestion in inter-oceanic commerce caused by suspension of service on the Tehuantepec route, however, is not so evident to the rebellion, brought about this rather premature opening of the canal to trade.

Several of the great freight liners, which, in conjunction with the similar service on the Pacific, made main trade lines between Europe and the Far East and the Tehuantepec, have recently appeared at Colon and Panama offering cargoes for trans-shipment overland far beyond the capacity of the Panama railroad.

**BARGE SERVICE.**  
Finding that Colonel Goethals was willing to assist them by clearing an adequate channel for barges, at least, through the Culebra side the company secured a lot of barges that have been used for harbor purposes at Colon and Panama and established this service as an overland to assist the railroad in meeting the trade demands.

Colonel Goethals has not yet reported to Washington just when the canal will be opened to merchant shipping, but the understanding here is that the waterway is practically finished and that even now there is a sufficient channel through the Culebra cut for almost any warship or liner.

It is only from a desire to avoid a possible serious accident through an unexpected renewal of the earth movements in the cut that Colonel Goethals has determined to allow a period for observation before actually opening the canal.

It is understood that this barge service is to be operated on about a twelve hours' schedule from the Atlantic to the Pacific, which allows about an hour's delay in each of the locks.

**MISSING GIRL APPEARS FOR MARRIAGE LICENSE**  
Miss Marcella B. Connolly, 18 years of age, who has been missing from her home in San Francisco for the last week and for whom the police were conducting a search, appeared at the county clerk's office today and took out a license to marry Clyde F. Young, formerly employed in the Hotel Merritt in this city. Mrs. Frank R. Connolly of 1274 Sixteenth avenue, San Francisco, mother of the girl, arrived at the county clerk's office today to intercept her daughter.

### C. B. Duryea Indicted For Death of Father

NEW YORK, May 14.—Chester B. Duryea, who shot and killed his father, General Hiram Duryea, on May 5, was indicted today for murder in the first degree. He did not appear in court, however, as his condition did not warrant his leaving the hospital, where for days he was violent.

### HUERTISTAS DYNAMITE BARRACKS

Federal Troops Blow Up Army Post; Flee Tampico

ON BOARD U. S. S. CALIFORNIA, May 13, (via San Diego May 13).—General Obregon's military aviators became effective again today in the battle that has waged at Mazatlan. An aeroplane, circling above the Federal entrenchments, dropped bombs with considerable accuracy into the fortifications. They exploded directly within the Federal lines but no casualties were reported in the city.

WASHINGTON, May 14.—American warships are again at Tampico. Rear Admiral Badger, cabinet due Navy Department late today that Rear Admiral Mayo, with the Des Moines and Dolphin, steamed up the Rio Hondo from the outer harbor at 11 a. m., and anchored in front of the town. All was quiet there, with constitutionalists in possession.

WASHINGTON, May 14.—Further confirmation of the fall of Tampico into the hands of the Constitutionalists was received at the Navy Department today in a message from Rear Admiral Mayo, transmitted through Rear Admiral Badger. This report says the Mexican Federal gunboat Vera Cruz still was up the river at the railroad bridge.

Secretary Daniels has given Rear Admiral Mayo full power to send American warships back up Panuco river to Tampico if in his judgment conditions should warrant such action.

Admiral Mayo further reported that the federal troops dynamited their barracks before retiring from the city.

By 4 o'clock yesterday afternoon he said the "gringos" practically had ceased.

The captain of the Mexican federal gunboat, Vera Cruz, was taken down the Panuco river from Tampico yesterday afternoon, have asked Rear Admiral Mayo for an interview and he has informed them that he will receive them on board the Connecticut.

**TO LAND IN EMERGENCY.**  
Secretary Daniels explained that while Admiral Mayo had full discretionary powers to take his ships back into the Panuco river, that he would not land any forces at Tampico, except in the case of the gravest emergency. It was explained that he probably would place his hospital ships at the disposal of the authorities at Tampico for the care of the wounded, regardless of their allegiance.

Secretary Daniels said he believed (Continued on Page 2, Col. 3)

### MYSTERY IN BEQUEST OF ALAMEDAN

Tangled Love Affairs of Undertaker Recalled

Public Administrator Begins Search for Testament

What has become of the last will and the estate of the late Ernest W. Modeen, a young man of involved love affairs who plunged over a cliff on the tunnel road in Claremont last June in an automobile and subsequently committed suicide in Alameda in December?

Public Administrator H. B. Mehrmann has commenced an investigation in behalf of certain creditors of the estate, if there is one, and today as a preliminary step in the proceedings Attorney Abe P. Leach, representing the public administrator, filed in the Superior court a petition for letters of administration on the estate. A persons legally have to have any information regarding the existence of a will or property belonging to Modeen will be subpoenaed to testify in the Probate court at an early date.

Prominent among those with whom Modeen was well acquainted during his lifetime are Miss Emily Houge of Alameda and Mrs. Hannah Mesow of Berkeley, both of whom rushed to the side of Modeen when he lay at the point of death in Roosevelt hospital on June 1 following his supposed suicide at suicide by driving his automobile over a cliff. Miss Houge, who arrived at the hospital first refused to let Mrs. Mesow into the presence of Modeen. The two women quarreled and finally Miss Houge won her point. Mrs. Mesow turned away, declaring that Modeen had promised to marry her and that she would retain his affections.

**TAKEN TO GIRL'S HOME.**  
Upon the recovery of Modeen, Miss Houge, who was formerly a telephone operator in the Hotel Oakland, had him removed to her home on Pacific street, Alameda. There he was nursed back to health. But he continually brooded over his predicament and finally, on December 27 last, he left the house clad only in his pajamas, severed the arteries of both wrists and running to Surf Beach park, plunged into the main tank and was drowned. The trail of blood he left behind led to the discovery of his body by Joseph Peterson, an employee of the baths. Miss Houge was notified and took charge of the remains. The funeral was held from her home.

When taken to the Roosevelt hospital after the plunge over the cliff in June the police found a letter in the writer's pocket in which he directed that all of his property be distributed to Miss Houge. This letter, in the absence of a regular will, would be construed as his last request. Whether or not it was later destroyed or another will made is a matter which the authorities are investigating. The creditors, it is said, have waited patiently since last December for someone to come forward and administer the estate. The matter was finally

### Attacks on Husband Blamed for Suicide

SAN FRANCISCO, May 14.—Eddie Graney, prize fight promoter, capitalist and pool-room proprietor, testified at the coroner's inquest this afternoon that articles appearing against him in a local paper had so preyed upon the mind of his wife, Evelyn, that she killed herself.

It was corroborated by Mrs. Graney's maid, Corinne Wells, who told of the state of mind into which Mrs. Graney was plunged after reading the stories in question. The coroner's jury returning a verdict of suicide, ascribing the cause to nervous trouble.

Mrs. Graney killed herself at the Cornell apartments, 841 O'Farrell street, on May 3. She had been ill for some time.

### AUDITORIUM BONDS ENDORSED SANTA FE CLUB URGES VOTES

The following resolution is self-explanatory: Whereas, it appears that, owing to unforeseen contingencies, the cost of the municipal auditorium will greatly exceed the first estimate of \$500,000;

Whereas, sixteen (16) large conventions have already been booked for this city during the year 1915, among them the National Educational Association to which delegates and other representatives from every civilized country are expected;

Whereas, the capacity of no public building is sufficient to accommodate such large gatherings hereof at present;

Whereas, it is reasonably certain that the amount of money involved in caring for the multitudes who are expected to attend these conventions will far exceed the entire cost of the auditorium, and the value in advertising our city throughout the world, that must naturally follow, be immeasurable;

Whereas, for the foregoing reasons this structure must be completed and furnished at the least possible delay, either by the proposed bond issue (which spreads the tax levy therefor over a long term of years) or by a direct tax levy (which will mean an immediate and substantial increase in our tax rate);

Resolved, The Santa Fe Improvement Association, at its regular meeting held on May 14, 1914, hereby endorses and urges the issuance of this body that the strongest possible support should be given the proposed bond issue at the special election to be held Tuesday, May 19, 1914, and to that end copies hereof be furnished the press of our city. Also that appropriate leaflets be distributed throughout our district in order that the residents thereof may be better understood the situation.

SANTA FE IMPROVEMENT ASSOCIATION, By H. A. JOHNSON, President. Attest: FRED J. PROLE, Secretary.

## COLLEGE CASHIER'S COUNTPAGE COFONN CHITRAL QUOCU

H. L. Wright Will Endeavor to  
Make Restitution of  
Funds.

(Continued From Page 1)

troller Merritt of the charges against  
her husband, Mrs. Wright was not  
aware, according to his declaration,  
of his entanglement.

Embezzlement of funds by a trust-  
ed official has for the second time  
in ten years shocked and surprised  
university circles of Berkeley with  
the revelation that Wright has con-  
fessed to the appropriation of funds  
entrusted to his care.

Ten years ago a sensation of great  
magnitude followed the discovery  
that W. A. McKee, secretary of  
the board of regents, had stolen in  
the course of years an amount in  
excess of \$50,000. Confessing that he  
had lost the money on the race  
track, McKee pleaded guilty when  
was sentenced to six years and eleven  
months in San Quentin.

### TO MAKE RESTITUTION.

Wright was today endeavoring  
to make good his peculations by rais-  
ing money on his property. He has  
not been placed under arrest and it  
is understood that his prompt offer  
to make restitution has facilitated the  
university authorities to leniency. He  
is said to possess property worth  
\$6000 to \$7000 and has furnished a  
list of this to his surety company,  
while he has strong hopes of raising  
the remaining amount to meet his de-  
falcations.

The charge was discovered on  
Monday by the university auditors,  
McLaren, Goode & Co., when an at-  
tempt was being made to trace dis-  
crepancies in time between the cash-  
ier's deposit slips in the Berkeley  
National Bank and the returns from  
the treasurer, Isaac W. Hellman of  
San Francisco.

### TRANCE SHORTAGE.

Wright at once admitted his wrong-  
doing, according to Controller Ralph P.  
Merritt, and was busy with the experts  
on Monday and Tuesday nights in tracing  
the various items. Merritt reported the  
discovery to the finance committee on  
Tuesday and was told to conduct a com-  
plete investigation of Wright's accounts  
during the next week. The committee  
representatives of Fidelity and Cas-  
ualty Company of Maryland, which fur-  
nish Wright's bond of \$10,000, were  
present at the checking of the accounts.

Careless speculations in real estate and  
unwise investments in his own personal  
business are thought to be the factors in  
Wright's downfall. He was the secre-  
tary of the University sixteen years ago  
as a clerk in the office of the secretary of  
the board of regents. Eight years ago he  
was made cashier, and when the financial  
duties of the secretary were transferred  
to the newly created comptroller a year  
two years ago, Wright went into that de-  
partment.

### HABITS EXEMPLARY.

Comptroller Merritt declares that  
Wright has always been a man of the  
most exemplary habits and that no man  
can be imputed to him other than the  
desire to make good his bad invest-  
ments. The university is fully protected  
by the bonding company, and according  
to Regent James K. Moffitt, the institu-  
tion will not make a move toward pro-  
secution. If there is to be an arrest and  
trial the action will come from the surety  
company.

Wright's peculations commenced some  
six years ago, as far as the experts have  
discovered. His methods were so involved  
and complicated that they have not yet  
been fully unraveled. He took advantage  
of the time necessary for the transac-  
tion of money received in the Berkeley  
office to transfer the same to his bank  
Regents to hold out sums which he  
covered up on the books by payments  
from the incoming funds on the following  
day.

Always one day behind by this method,  
he used Friday's receipts to make the  
bank deposits which should have been  
made from Thursday's receipts. He was  
able to make the date agree on his re-  
ceipt slips and the deposit slips from  
the bank, the agency through which re-  
mittances were made to Hellman. Al-  
though the amount of his shortage steadily  
grew, he was able to avoid detection  
by keeping his shortages always ahead  
of the audit.

### HAD NOTICED DELAY.

The delay in the transmission of funds  
and the acknowledgment of the treasurer  
had been noticed by Merritt for over a  
year, but as the books always agreed,  
suspicion did not point to anyone in the  
office. The discovery of the actual short-  
age came therefore as a stunning sur-  
prise. Three months ago the board of  
regents employed McLaren, Goode &  
Company as auditors. They discovered the  
cause of the delay and uncertainty in  
their audit up to the day of check. A  
check for \$64,000 was found on Monday  
which the cashier's books showed to have  
been deposited with the bank on April 25,  
but which could not be located on the  
books of the bank.

An investigation was then made of  
Wright's accounts and it was found  
that a number of bills from which checks had  
been detached and deposited as payment  
of prior accounts. In an inner com-  
partment were several checks which  
Wright was withholding. Wright was  
sued into the university and as soon as he  
was served with the writ he turned without a  
word and went home, where he remained  
until summoned to the university to ex-  
plain. He immediately joined the ex-  
perts in the investigation and began to  
explain the money to the experts.

MARRIED ONE YEAR.  
Wright is 31 years of age and was  
married one year ago and was  
formerly a student of Berkeley. He re-  
sides at 2115 University street and would  
be glad to see the publication. His  
wife is a very young woman.

## Ask Prayers for Mediators on "Go- to-Church Sunday"

## STUDENTS JAILED ON GRAVE CHARGE

Accused of Contributing to the  
Delinquency of Two  
Minor Girls.

(Continued From Page 1)

were to have been treated to any  
liquid refreshments.

Corporal Skelly was riding along  
the highway when he saw the younger  
of the two girls and one of the two  
men walking on the ocean front. He  
questioned them and the girl's tender  
years aroused his suspicion. The  
couple refused to say anything about  
themselves, but when threatened with  
arrest Miss Lomax admitted that she  
had been drinking champagne in  
"The Crest." Together with Officer  
Dean, Skelly entered the resort, found  
Gladys Lomax and the other young  
man and all were taken into custody,  
together with Perry, who lives at 1534  
Forty-ninth avenue, and who could  
not explain why he had served liquor  
to the young women.

MRS. MONTAGUE BENEFACTOR.  
Although Tuttle claims to be 22 he  
appears to be no older than 18. Mont-  
ague, however, looks his years.

Montague's mother is the donor of  
half of the buildings of the new St.  
Luke's hospital now having made a  
gift jointly with Orden Mills son of  
the late D. O. Mills, the California  
millionaire.

She is president of the Women's  
Auxiliary of the diocese of California  
and her husband is a vestryman of  
St. Luke's church in this city.

"We know that our girls were  
going out with the young men,"  
explained Mrs. Lomax, "but we  
had no idea that they were going  
to the beach or visiting resorts.  
I don't know just how long the  
young people have been making  
acquaintance, but I think several  
months. I thought that both men lived  
in this city, but I really didn't  
know very much about that."

Police Judge Sullivan transferred  
the juvenile court. The two young  
women appear to be well-to-do. Both  
are extremely beautiful girls of the  
blonde type. They did not appear at  
all disturbed by their experience and  
were placed under subpoena.

There seemed to be some doubt on  
the part of the bond and warrant  
clerk as to whether a complaint could  
be issued against the two young men  
as the statute is rather hazy as to  
whether 21 or 18 years is the speci-  
fied age of a minor in an offense of  
this character.

### BOTH YOUTHS ARE STUDENTS.

BERKELEY, May 14.—Kenneth  
Montague left his residence at 2420  
Mudge road yesterday afternoon stat-  
ing that he expected to spend the  
night with friends in San Francisco.  
At that place this morning no word  
of his whereabouts had been heard, and  
he was expected to return home  
about noon. He was a sophomore  
student in the college of social sci-  
ences and had intended to leave Berke-  
ley soon to remove to San Francisco.  
He is a son of Louis Montague and  
a brother, Paule Montague, a prom-  
inent recent graduate of the univer-  
sity, is at present associated with  
Charles S. Wheeler, attorney and re-  
gent of the university.

Tuttle is a graduate student in the  
first year of the college of journalism.  
He has a degree of bachelor of arts,  
granted him at Bowdoin college in  
1912. He resides with his mother,  
Mrs. C. W. Tuttle, Pacific avenue, San  
Francisco. He is a member by trans-  
fer of Alpha Delta Phi fraternity. He  
was not a candidate for a degree at  
the commencement exercises held  
yesterday, but has two more years to  
finish at Hastings College of Law.

The young women with whom the  
men have been associated, are not  
known in this city.

with courageous eyes, was ready to de-  
fend him.  
"My husband does not wish to make  
any public statement now," she said,  
"but you can say that he is not a  
coward or a weak and that he will stay  
against him. I know nothing personally  
about the matter. I have been around  
California Hall, however, and I know  
how the clerks there gossip. If Mr.  
Wright has embezzled money, I don't  
know how or where he could have spent  
it. He has been with me every day  
since our marriage and I have seen no  
evidence of extravagance."

## TAMPICO'S FALL IS CONFIRMED

Federal Troops Blow Up Bar-  
racks in Retiring From  
the City.

(Continued From Page 1)

American interests, including oil  
properties, would be amply protected  
as soon as the fighting ceased and  
one side or the other was in absolute  
control of the situation. He said he  
had not yet received sufficient infor-  
mation concerning the constitutional  
victory to determine what effect  
it would have on commerce in Tam-  
pico, but he expressed the hope that  
the port would be open to the com-  
merce of the world.

President Wilson now feels it will  
be possible for the oil interests in the  
Tampico district to be protected.  
General Villa and General Carranza  
had given assurance they would not

in Tampico district and have notified  
the American government of their  
willingness to have expert civilians  
return to the fields and take charge  
of the following wells:

Thomas A. O'Donnell of Los An-  
geles, director of the Mexican Pe-  
troleum Company, who was among  
the oil men who called on the Presi-  
dent yesterday, said today the leading  
oil companies have experienced men  
in readiness to return to the fields  
immediately.

## Villa Glad to Have U. S. "Import" Arms for Him

TORREON, Mex., May 14.—Mobil-  
ization of Constitutional troops for the  
campaign against Saltillo, came to  
a close last night, when the last  
units left Torreon accompanied by  
General Villa and staff. This concen-  
tration has brought together an army  
of 25,000 men to test the strength of  
the Federal stronghold.

"To establish a constitutional  
government throughout Mexico,  
we need ammunition—more am-  
munition than we now have, and  
I am willing that the government  
of the United States shall super-  
vise the importation of it," said  
Villa in commenting upon news-  
paper reports regarding the im-  
portation of arms from the United  
States to President Wilson and  
others would be glad to see the  
Constitutionalists take Mexico  
City and end the present state  
of unrest in Mexico.

"How can we take Mexico City if  
we have no ammunition?" asked  
Villa. "We must get ammunition  
somewhere after the return to Sal-  
tillo, as our supply then will be de-  
pleted."

"Of course the United States gov-  
ernment must keep in mind the pos-  
sibility that someone might provoke  
war between the two countries. It  
would be injudicious to say the least,  
under such conditions to permit the  
unlimited importation of ammuni-  
tion into a country in which battles  
might have to be fought."

"For that reason I am willing to  
have a commission ascertain the  
amount of ammunition we need until  
Mexico City is taken with a view to  
having the embargo on the quantity  
we require for that purpose."

"A commission such as I propose  
easily could ascertain the amount of  
required by us to carry out our plans.  
Needless to say the ammunition ad-  
mitted by such a commission into  
Mexico would not be large enough to  
leave much, if any, over, in case of  
operations against the United States,  
which, by the way, is the very last  
thing I think possible. Meanwhile  
we would accomplish what we set out  
to do."

For six days trains have been tak-  
ing soldiers, horses and equipment to  
some points on the line between Tor-  
reon and Monterrey, the exact point of  
detachment being unknown. A strict  
secret regarding his plans has been  
maintained by General Villa. Noting  
is known beyond the possibility  
that Las Bocas, north of Saltillo, will  
be the base of operations against the  
town and that many troops have left  
the cars at Hipolito.

## Gunboat May Cover Landing of Munitions

ON BOARD U. S. S. CALIFORNIA,  
May 13.—The U. S. S. California  
presence of the Mexican federal  
gunboat Guerrero at Salina Cruz, the  
Pacific coast terminal of the Tehuantepec  
railroad which was reported to be  
the commander of the Pacific fleet  
today, is giving rise to a great deal  
of conjecture.

When the Guerrero left Mazatlan,  
she had aboard the city officials and  
various other persons who had found  
General Obregon's constitutionalist  
troops were too close for comfort. Un-  
tensely, she left to take those re-  
fugees to a place of greater safety, in  
anticipation of the fall of Mazatlan.

However, the city officials were  
landed at Manzanillo, and were to  
go from there to the capital, while  
the Guerrero hastened to Salina Cruz.  
It is suggested now that the gunboat  
may have gone to the latter port to  
cover the landing there of valuable  
military equipment which, rumor has  
it, is aboard vessels hovering along  
the Pacific coast.

The theory that the Guerrero's de-  
parture from Mazatlan as a refugee  
ship was only a blind is strengthened  
by the fact that the line from Salina  
Cruz to Mexico City is the only rail-  
road connecting the National capital  
with the coast, over which it would  
be at all safe to attempt a shipment  
of munitions. The road is still open,  
and apparently less likely of con-  
stitutionalist interference in the im-  
mediate future than any other ave-  
nue to Mexico City.

## New England Buries Dead From Vera Cruz

BOSTON, May 14.—Under Gray

## DEVELOPMENTS IN MEXICO TODAY

WASHINGTON, May 14.—While  
interest in the Mexican situation  
centered here today in the capture  
of Tampico by the constitutionalist  
forces, diplomatic and state depart-  
ment officials were busy engaged  
in completing preliminary plans for  
the mediation conference at Ni-  
agras Falls, Ont., next week.

Following further reports from  
Rear Admiral Hedges and Rear  
Admiral Mayo concerning the tak-  
ing of the Mexican port by the con-  
stitutionalist Secretary of the Navy  
Daniels authorized Admiral Mayo  
to return his ships to the Panuco  
river. This was deemed a slight  
on account of hurricanes that now  
are menacing the smaller boats.

An important conference was ex-  
pected later today on the battle-  
ship Connecticut between Admiral  
Mayo and the commanders of the  
Mexican federal fleet, who were  
on board of the Panuco river  
into the harbor yesterday, follow-  
ing the evacuation of the city. The  
conference was arranged for yes-  
terday, but could not be held on  
account of heavy seas.

It was reported here today an  
between United States officials and  
constitutionalist leaders, whereby  
all the operatives of the various  
oil wells around Tampico could re-  
sume work at once under a guar-  
anty of protection from the con-  
stitutionalist generals.

State department officers still  
were waiting with some anxiety for  
definite word from Vice Counsel  
Silliman, who had been imprisoned  
at Saltillo. Nothing has been  
heard officially in Saltillo's con-  
stitutionalist Enrilean minister re-  
ported orders for his release had  
been telegraphed by the Mexican  
authorities at Mexico City to the  
proper officials at Saltillo.

Officials said no further repre-  
sentations had been received from  
General Huerta regarding the Lo-  
bos island incident.

gerty was buried in Cambridge: Wat-  
son in Eastham, on Cape Cod, and  
Percy at Highgate, Vt. Cambridge  
was able to honor the body of her  
son with a military ceremony in-  
volving thousands of participants.  
A company of naval militia gave the  
only touch of official display to the  
service at Eastham. Farmers of the  
rugged north country honored the  
memory of the young marine whose  
boyhood home had been in Highgate.

TOLL BELLS FOR HERO.  
PITTSBURGH, May 14.—Francis  
Patrick de Lowry, seaman of the  
U. S. S. New Hampshire, killed dur-  
ing the fighting at Vera Cruz, was  
given today all the honors that Pitts-  
burgh had to give. Business was sus-  
pended to 11 o'clock church bells  
toll and uncovered thousands lined  
the streets as the funeral cortege  
passed.

MILITARY HONORS.  
BLACKSBURG, Va., May 14.—  
Funeral service with military honors  
were held today for Frank Devorack,  
the Iowa boy killed at Vera Cruz.  
Townsmen joined the family of the  
young man in the ceremonies.

DENY GREY REPORT.  
LONDON, May 14.—A denial was  
issued by the British foreign office  
today of the report published in this  
morning's Standard declaring that Sir  
Edward Grey had been under considera-  
tion of the whole Mexican situation.  
The Standard added that Sir Edward  
Grey advised that no useful purpose  
would be served by South American me-  
diation, explaining that he would shortly  
propose a policy to minimize possi-  
bility of further bloodshed. The official  
denial today declares the Standard's  
statement wholly unfounded.

## FASHION SHOW ON ROOF IS MAGNET

Crowds of Shoppers Drawn to  
Capwell's Aerial Garden by  
Unique Exhibition.

Despite the lowering clouds and occa-  
sional splash of the past two days, the  
mecca of the shopper and the curious  
has been Capwell's roof garden, where  
twelve professional models have dem-  
onstrated the season's latest in style,  
fabric and accessories. Floor space on  
the beautiful garden has been roped off  
and set to a wondrous scene with its  
tempting swinging couches, lounging  
chairs, tea tables and refreshment  
stands. Around this stage setting are arranged  
seats for the guests, while an orchestra,  
concealed behind foliage, adds to the  
charm of the demonstration.

A feature this afternoon was a model  
dressed in the vogue of the ante-bellum  
days, with her crinoline skirts, pol-  
onies, sunbonnet, kerchief, etc. A "sweet  
girl graduate," with her mortar-board  
and gown, was another attraction.

During the afternoon demonstration,  
the bathing girls were the hit of the  
show, as they ran "on" splashing around  
garbed in fetching silk bathing suits of  
various colors, but their pretty caps and  
stockings adding to the costume a chic  
appearance.

Many beautiful tea and reception  
frocks are shown, and especial attention  
is given, in each case, to the accessories,  
so popular and proper this year.

Tomorrow afternoon, a June bride will  
be shown, arriving in the story of her  
bridal outfit. The fashion show is at-  
tracting large crowds, many familiar  
faces from across the bay prominent in  
the garden.

## Tourist Association Formulates Campaign

A meeting of the executive com-  
mittee of the Tourist Association of the  
Bay and River Counties was held to-  
day in the rooms of the Oakland  
Commercial Club following a lunch-  
eon in the grill. The object of this  
association is to secure a larger  
amount of tourist travel for the coun-  
ties interested and to induce the vis-  
itors to remain as long as possible in  
this vicinity. Matters of business  
were discussed today and plans made  
for dissemination of literature.

## CLUB SUPPORTS GARDEN SOLDIERS

Linda Vista Improvers Pledge  
Co-operation in Beauti-  
fying City.

The Linda Vista Improvement Club, the membership of which includes a number of the most important merchants and property owners of Oakland, has pledged its active support and co-operation to the City Garden Soldiers, enlisted for the purpose of beautifying Oakland.

This action followed a resume of the progress of the movement by A. S. Laveison, at a meeting last night which was presided over by President Fred Osgood. The children have been enlisting by thousands for this important work, said Mr. Laveison, and if the grown folk give them the proper support, Oakland will be made by 1915 of the weeds that make ugly the parking places along the streets and they will be made by beautiful flowers.

General expression of those present indicated that the Linda Vista district, with the Grant school as its school unit,

petition between the different school districts for the prizes to be awarded for the greatest percentage of flowers in the street parking spaces between now and 1915.

**RESOLUTIONS PASSED.**  
Resolutions adopted follow:  
Whereas, the city of Oakland by Nature's endowment occupies a foremost place among the municipalities of the country for charm of vista and surroundings, and

to adorn and beautify itself and its natural attractions may be fully displayed during the coming year;  
Whereas, it is important that every citizen organization improve the city's beautiful places, and that its entire membership be enlisted at once in the forwarding of this program of beautification, by co-operating in the City Garden Soldiers' movement with the Citizens' Committee appointed by Mayor Frank K. Mott.

## CLUB HIKE'S LEAD TO ALTAR STEPS

Three Engagements Are An-  
nounced and Fourth Being  
Whispered.

Three engagements and a possible fourth are the result of walking club-  
formal of eight young people to spend Sunday's hiking over country roads.

Last Sunday the betrothals of six were announced.

They are Miss Evelyn Sturmer and Harry Nelson; Miss Irma Lovett and James Pennock; Miss Olive Pennock and Ernest Lawson. The weddings will take place in June.

The girls are graduates of the Oakland High school and their fiancés are young business men of Oakland.

## SUPPRESSION OF SOCIAL EVIL ONLY REMEDY

MEMPHIS, Tenn., May 14.—Miss Maude Miner of New York, as chairman of the committee on social hygiene, told the National Conference on Charities and Corrections last night that suppression was the only solution of the social evil.

Regulation, she said, had failed wherever attempted.

For the second time in the history of the organization, a woman was elected president of the National Conference on Charities and Corrections, here today.

The honor fell to Miss John M. Ginn of New York, also succeeds Professor Graham Taylor of Chicago. Other officers elected were: Vice-presidents, Rev. John A. Ryan, Minneapolis; Frank J. Sessions, Iowa; James F. Masten, Virginia; general secretary, treasurer, William T. Cross, re-elected.

## TWO WOMEN \* AVOID OPERATIONS

By Taking Lydia E. Pink-  
ham's Vegetable  
Compound.

Chicago, Ill.—"I must thank you with all my heart for Lydia E. Pinkham's Vegetable Compound. I used to go to my doctor for pills and remedies and he did not help me. I had headaches and could not eat, and the doctor claimed I had female trouble and must have an operation. I read in the paper about Lydia E. Pinkham's Vegetable Compound and I have taken it and feel fine. A lady said one day, 'Oh, I feel so tired all the time and have headache.' I said, 'Take Lydia E. Pinkham's Vegetable Compound,' and she did and feels fine now."—Mrs. M. R. Karschick, 1438 N. Paulina Street, Chicago, Illinois.

The Other Case.  
Dayton, Ohio.—"Lydia E. Pinkham's Vegetable Compound relieved me of pains in my side that I had for years and which doctors' medicines failed to relieve. It has certainly saved me from an operation. I will be glad to assist you by a personal letter to any woman in the same condition."—Mrs. J. W. Sherrer, 126 Cass St., Dayton, Ohio.

If you want special advice write to Lydia E. Pinkham, Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

## VARSITY GIRL IS BRIDE IN SOUTH

Wedding Is Quickly Arranged  
When Groom Returns  
From Mexico.

Last evening in Los Angeles the marriage of Miss Portia Isabella Colton and Oliver W. Young, took place at the home of the groom's parents.

The bride is the daughter of Mr. and Mrs. J. F. Colton of Berkeley and was a popular member of the younger set in the college town, and a member of the class of 1914 at the university.

Two weeks ago she went south to visit friends in Pasadena and Los Angeles, but without announcing her intention of being married, although her engagement to Young had been announced.

He has been in business in Sonora, Mexico, but returned to Los Angeles while his fiancée was there and the wedding was arranged for the beautiful flowers.

Miss Maryann Grinnell of Berkeley went south to be maid of honor, but the bride's parents and sister were not present.

of California and is connected with the Tige Mining Company of Sonora.

The young couple will spend their honeymoon in Southern California. They will not go to Mexico until affairs across the border are more settled.

## ODD FELLOWS IN BUSINESS SESSION

Much Important Matter Tran-  
sacted by Grand Lodge at  
Santa Cruz.

SANTA CRUZ, May 14.—Scheduled program for today at the Grand Lodge of Odd Fellows, in session in this city, included resolutions making it easier for lodges to consolidate by striking out the clause giving power to five dissenting third degree members to block proceedings. Another matter under discussion today was a proposition governing admission to the Odd Fellows' Home; another was the requiring of the grand lodge to supply regalia to the district deputies in 100 districts, heretofore paid for by the districts themselves.

Yesterday's proceedings were interrupted by banquets to both the Rebekah Assembly and the subordinate lodge, the conferring of the Rebekah Degree by the Stockton lodge, and the holding of the annual meeting of the Veterans' Association of Odd Fellows. Both lodges met at noon and interesting sessions, and much business of importance was transacted. The grand lodge accepted an invitation from the executive committee to hold the 1915 session in San Francisco, and representatives of the sovereign grand lodge will extend invitation to that body to come to San Francisco for the 1915 session.

Candidates for office in both bodies were filed in nomination during yesterday's sessions, and in several instances contests will be waged.

## Enlist Science's Aid in Canal Freight Handling

WASHINGTON, May 14.—The enormous freight traffic which is expected to center at the isthmus of Panama as soon as the canal is opened is to be handled in the most scientific and up-to-date method.

A commission consisting of Carroll Smith of New York City, J. M. Barrett of Buffalo and a statistician are making a special study of conditions on the isthmus under orders to submit plans for the most practicable and efficient methods of berthing ships, the rapid handling of cargo both to and from vessels, and to the land.

The commission is also to fix the charges as soon as possible with a view to making them at least pay a fair return on the capital invested in the plant.

## Bryan's Assistant To Bike in Europe

WASHINGTON, May 14.—Following a custom adopted years ago, Alvey Adee, second assistant Secretary of State, left Washington today for New York to sail on the St. Paul for France, where he will spend about six weeks on a bicycle trip over the highways and little known roads of the country.

## MOTORIST HURT; SLIPS ON ROAD

Rough Spot on Boulevard; Now Closed, Cause of Mishap.

HAYWARD, May 14.—Running into a rough place of roadway on the boulevard yesterday just before that thoroughfare was closed for repair by order of the board of supervisors, W. C. Yokam of 2215 Ninth street, Oakland, was heavily thrown from his motorcycle. He sustained numerous bruises, but no bones were broken, and he was later able to return to Oakland. The motorcycle was badly smashed.

The accident happened on the boulevard on the Hayward side of the county infirmary. Yokam ran his machine at a considerable speed onto a rough stretch of the roadway and was unable to control the cycle which slipped under him. A sampan who rode on the rear seat of the machine was also thrown, but was uninjured.

Traffic was suspended yesterday on a large stretch of the boulevard while work will undergo extensive repairs.

## BABES HOLDING SWAY AT MOOSE CARNIVAL

FRUITVALE, May 14.—King and Queen Baby are holding sway in Moose carnival here today in a decorated baby parade and a baby show. This is Alameda County Babies' day at the carnival and 100 young hopefuls are entered for the many prizes. Several twins have been entered as well as winners in other baby shows around the bay. Handsome silver loving cups are among the prizes in the baby show which attracted flocks from all over the county. Queen Marion and her court seated on an elaborately decorated float were escorted around the streets last night by members of the Local Order of Moose. The parade was headed by the band of the Alameda County Fair, S. G. C. Alameda County, fraternal order of Eagles, joined with the Fruitvale Juicemen in the procession, as well as the Oakland Lodge of Moose and the Lincoln Park boys' band.

Fruitvale Aerie, No. 1375 will be in charge of this evening's program, which has been dedicated to the Eagles.

## COMPANY H OF HAYWARD SIGNING UP VOLUNTEERS

HAYWARD, May 14.—Captain J. J. Borree of Company H, National Guard, has been ordered by Adjutant General Forties to secure signatures of the local soldiers who are willing to become volunteers. Company commanders in every branch of the National Guard are authorized to secure enough signatures to permit the National Guard of this state to become a volunteer organization, available for duty outside the United States.

Company H already has 40 volunteers with the prospect of others joining.

Under a recently enacted law, militiamen may be sent into foreign territory when 15 per cent of the minimum strength of each company is enrolled on the volunteer list.

## CHERRY CROP IS READY; SUPPLY IS VERY LIGHT

HAYWARD, May 14.—Cherry picking commenced this week in Hayward and San Leandro orchards. An exceptionally light crop is reported in every instance by orchardists. The early varieties of white and yellow cherries are in the market and are fetching high prices. The prices offered range from 5 to 8 cents a pound. Big fruit growers including Harold Meek of San Leandro and L. H. Beggs of San Leandro say the crop will be the lightest here for a number of years.

If we had to tell lies about our business we wouldn't be in the business. Any time a merchant who does not believe in his goods honestly enough to believe that the truth about his business will make that business grow, that merchant proves himself a mighty poor buyer, or a mighty poor business man, or both. The plain facts, the plain truth about our business, our values, our service and our success is so strong that it may sound like exaggeration to those who have never been able to buy like clothing at like prices, but that's up to them and not up to us.

## KICKED BY HORSE, MILLIONAIRE DIES

E. F. Kleinmeyer's Life Filled  
With Numerous Tragic  
Mishaps.

Covina, May 14.—E. F. Kleinmeyer, who was kicked by a horse last Friday, died at 10 o'clock yesterday as the result of the injury. He is survived by a son, 3 years old, who will inherit the vast property of his father.

Kleinmeyer's life was filled with tragedy. His father was killed in a mine accident. His wife died as the result of injuries received in a collision. His son, "Teddy," never has completely recovered from a fractured skull received in the same accident. Ten days ago Kleinmeyer was cleared of a charge of grand larceny, which involved the theft of a blooded Percheron mare.

Kleinmeyer's parents amassed a fortune in Iowa, which, upon their death, was invested in Southern California lands. At the time of his death Kleinmeyer owned more than 200 acres of valuable land in this district.

## An Easy Way to Get Fat and Be Strong

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of their thinness grows more and more apparent. You can't get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This "meat-stroke" modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its re-generative, reconstructive power to clean the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starve, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you see how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 25 pounds of solid, healthy flesh. Sargol is sold by all druggists, health food stores, and health food stores of Oakland and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.

## TEN U. C. SENIORS TELL BETROTHALS

Announcements Come With the  
Fruit Course at Women's  
Graduation Dinner.

The annual dinner of the senior women students at the University of California was an unusually interesting event at the New Century Club in Berkeley last Saturday night when ten engaged girls were among those present. Most of the betrothals had been announced, but it was the first time the ten attractive brides-elect had met the class in a body and it was made a gala occasion.

When favors of fruit were passed each of the engaged girls selected a pear while the others chose lemons. The engagements were:

Miss Florence Bell Madsen, daughter of Rudolph Madsen of Eureka, and Frank Barrington Lyons, a member of the University faculty, who was recently appointed to the post of for midwinter in San Joaquin county. Miss Madsen is a member of the Delta Gamma sorority.

Miss Norma Eugenie Wisecarver, to Paul Fleming. Miss Wisecarver, whose home is in Turlock, is a member of the Alpha Delta Kappa sorority. Fleming is a graduate of the class of 1913 and is a principal of one of the San Diego schools.

Miss Pearl Garcelon to Dr. Arthur Brown of Oakland. Miss Garcelon is the daughter of a prominent business man of Arcata, Humboldt county, and Dr. Brown is a graduate of the class of 1913.

Miss Ida Hale, daughter of Edson B. Hale of Martinez, and Edward Livingston, of the class of 1912, are present managers of the Faculty Club.

Miss Rosalie Ozden of Oakland, daughter of Judge F. B. Ozden of the superior court, and Russell Cooley, a young architect of Oakland.

Miss Minerva Osborn of Healdsburg, a member of the Alpha Chi Omega sorority, an William Donald, the head of the students' athletic department of the University of California, who has charge of the financial activities of the student body.

Miss Anna Bledenbach, daughter of Charles L. Bledenbach, principal of the Berkeley High school, and Harold Havens, a prominent mining engineer of Nevada. Miss Bledenbach is a member of the Alpha Chi Omega sorority, and the prospective bridegroom is a graduate of the class of 1913. This wedding will take place June 4.

Miss Minnie Gallagher, president of the original Enewash club, will marry Robert Allen, who is with the Globe Smelting Company of Globe, Ariz. Miss Gallagher is the daughter of W. C. Gallagher, a resident of Berkeley.

Miss Hazel Orr will marry La Roy Hunt, who is registered at the college of commerce and is a member of the Phi Gamma Delta Fraternity.

## OFFICERS NAMED AT CONVENTION

Columbus Knights Choose the  
Leaders for Year; Adopt  
Resolutions.

DEL MONTE, May 14.—The healthy growth of the Knights of Columbus in California during the last twelve months was revealed in the report of State convention held at Del Monte. The report showed that the membership had increased 1500 during the year, and that

buildings worth \$600,000 were owned by the different councils.

A decision to celebrate more elaborately and fittingly in the future both Columbus day and Good Friday was reached last night at a banquet given by Monterey Council, at which 325 plates were spread.

Among the speakers were Joseph Scott, of Los Angeles; Frank Silva, Napa; Eugene F. Collin and Neal Power, San Francisco; Rev. Father Mestres, Monterey; and Rev. T. J. Connell, Cupertino. Delegates were selected for the supreme convention in St. Paul August 4th to 9th, as follows: F. M. Silva, Napa; Paul J. McCormack, Los Angeles; Joseph Kennedy, Oakland; F. W. Balfour, Pomona; Leo M. Rosecrans, Los Angeles. San Francisco was chosen for the next convention in May, 1915.

It was decided that a committee of three should be chosen to re-organize the old missions, a levy of \$1 yearly to be made on each member, thus creating a fund of \$1000 yearly for the

work. Carmel will be the first mission considered.

The election of officers resulted as follows: State deputy, Paul J. McCormack, supreme judge of Los Angeles; state secretary, David C. Supple of San Francisco (re-elected); state treasurer, John F. Kane of Watsonville; state advocate, L. A. Waynem of Eureka; state warrior, J. J. Hahn of San Mateo; state chaplain, Rev. C. J. O'Connell of San Jose (re-elected).

## TO STORE COAL AT PUGET SOUND YARD

SEATTLE, Wash., May 14.—Because the armored cruiser Maryland, selected by the Navy Department to test 300 tons of coal taken out of the Matanuska, Alaska coal field, was detained in Mexican waters, the government has decided to bring the coal to the Puget Sound Navy yard for storage until the Maryland is able to make the tests. The coal is now lying on the beach at Emk, Alaska, and to pre-

vent its deteriorating from the effects of exposure, the coal will be stored in bunkers at the navy yard. Contract for bringing the coal south was awarded today, and the first shipment will be received on the steamship Admiral Sampson, June 2.

# MATRONS ARE OIL MAN'S HEIRS

John M. Keith's Will Divulges  
Platonic Friendship for  
Society Women.

The will of the late John M. Keith, wealthy oil operator, filed in San Francisco yesterday, in two bequests, made to society leaders of the bay region, revealed a friendship of an unusual character, and a story that reads almost like a novel. The late millionaire oilman had a close platonic friendship for Mrs. John D. Spreckels Jr., formerly Miss Edith Huntington, and Mrs. Willard C. Chamberlain.

Neither is related to the late millionaire, who was found dead in the St. Francis hotel on April 27. In the will, Mrs. Keith is named as a friend of the late John M. Keith.

**FAMILY FRIENDS.**  
For eight years Keith made his residence at the St. Francis hotel, and during nearly all that time Mrs. Spreckels was a constant caller there with her friends. So was Mrs. Chamberlain, before and after her marriage. Keith had been a friend of Mr. and Mrs. Charles Mcintosh, Keith, parents of Mrs. Chamberlain, and had associated with Mrs. Chamberlain herself as a friend since she was a babe in arms.

Mrs. Spreckels was in Europe, where she is still sojourning, when the news of her aged friend's death reached her. She sailed from New York for a cruise through Mediterranean waters on March 14 in company with her aunt, Mrs. A. B. Spreckels. They expected to be away for three months.

Just prior to her departure from San Francisco Mrs. Spreckels dismissed her suit for divorce against her husband, John D. Spreckels Jr. A partial reconciliation, after Spreckels had filed his answer to the suit, is said to have brought about the dismissal.

Mrs. Chamberlain, as the beautiful Miss Innes Keene, was married in November, 1912. She and her husband are living in San Diego.

**OTHER HEIRS.**  
Keith bequeathed \$50,000 to each of his brothers and sisters, Allen, Jasper L., McKay A. and Amos W. Keith, Mrs. Lucinda Stephens and Margaret Kimball.

After mentioning his brothers and sisters, Keith inserted the following: "I wish to give anything by this will."

In addition to the \$25,000 to Mrs. Chamberlain, he gave her his limousine, Alice and Marcelle Rayne of the Della Vista apartments were given \$10,000 each, and Charles McGuff of 531 Fourth avenue was left \$20,000 and an automobile "for faithful service."

J. J. Mack of the Imperial Oil company, with offices in the Mills building, with whom for years Keith was associated in business, was named executor of the will without bonds. He was allowed ten years in which to close the estate, which, according to the inventory, is worth between \$600,000 and \$1,000,000.

The heirs named in the petition for probate include the brother, Amos Keith of Selma, Cal., and the following nephews and nieces: John F. Keith, Burges, N. S., John A. Stephens and Mrs. Keith, Cartersville, Ga.; Mrs. J. C. Davis, Afton, Tex.; Mrs. W. P. Larimore, Brandenton, Fla.; John Kimball, Roseland, Fla.; Mrs. Nathaniel Medlock, Duluth, Ga.; Virginia Williams and Miss Saline Kimball, Roseville, Ga.; Mrs. Zilpha E. and Mrs. Joseph Faulkner and William Keith, Canton, Ga.; Mrs. William Poole, Fannie R. Fort and Charles J. and James V. Keith, Atlanta, Ga. and Mrs. James Faulkner, Jasper, Ga.

A bust of Keith stands in Golden Gate park. Keith gave \$150,000 for medical research to the University of California.

# ENTERTAIN VETS OF SPANISH WAR

Encampment at Martinez Will  
Close Tonight With Grand  
Ball to Heroes.

MARTINEZ, May 14.—Their business sessions completed, their convention city for next year chosen, and their work over, the visiting Spanish War veterans today are enjoying themselves. All day they will be on the bay, in a ride that is taking them to the various points of interest on the water front, of the east bay shores. Tonight a grand ball at the Martinez Athletic club will wind up the big encampment. The guests of the city are lunching today at Winehaven, and yesterday participated in a barbecue in City Hall park.

Several important changes in the work of the veterans came out of this encampment. Perhaps the most far-reaching was that of adopting plans for joint encampments with the Grand Army of the Republic in future years.

The first time at next year's encampment of the Department of California, when it will meet with the Grand Army men at San Jose. This plan will infuse new blood into the Grand Army, and will, it is declared, facilitate, to a great degree, the work of both organizations.

**SEEK 1915 ENCAMPMENT.**  
California's veterans will invade the national encampment at Louisville, Kentucky, this year with a request for the 1915 encampment of the national department for San Francisco. Delegates were elected to carry on the campaign, the following being chosen:

George C. Price, San Francisco; Senator J. C. Over, Richmond; Allen Currie, San Francisco, and S. C. Bertrough, Berkeley.

The officers elected by the Department of California yesterday are headed by Captain H. F. Huber of Oakland, who was chosen as department commander. The other officers are as follows: Senior vice commander, General Robert Vankoski, Los Angeles; junior vice commander, C. S. Perry, Vallejo; department inspector, R. S. Harris, San Diego; judge advocate, George E. Price, San Francisco; department surgeon, W. J. Hanna, Sacramento; department chaplain, D. P. Davis, Sacramento; department marshal, John L. Bass, Oakland.

**HUBER ANNOUNCES APPOINTMENTS.**

Commander Huber has announced the following appointments:

Charles A. Reux, San Francisco, quartermaster; Major Ralph J. Egan, Oakland, chief of staff; E. E. Morgan, San Francisco, department adjutant; L. S. Duquet, San Francisco, historian; E. M. Lowell, San Diego, patriotic instructor.

The women's auxiliary of the Spanish War Veterans elected Mrs. Florence Caplan of San Francisco as department president.

The veterans and their wives were guests last night at a barbecue and later were entertained at the Curry theater by graduates introduced by the Alameda Lodge of Elks.

## PRaises FEDERAL BANKING REMEDY

Comptroller Describes Law as  
Guarantee of Freedom  
From Centralization.

RALPH, N. C., May 14.—The new federal banking law was described as a guarantee of the freedom of the country's financial and commercial interests from the possibility of rule by a small group of men by John Saxon, chairman of the committee on currency, in an address last night before the North Carolina Bankers' Association. Mr. Saxon said the new law was a plan "of decentralization and distribution demanded by the growth and expansion of our republic."

It was not intended to injure anybody, he said, "and it will not injure any but those who insist on being injured."

"When," he added, "a dozen men own among themselves 1000 million dollars and through a system of interlocking directors control as much more, directing an amount equal to the total currency supply for a hundred million people, we should realize that such power is a power not only to our commerce and to the people at large, but to the government itself."

**PANIC OPPRESSION IMPOSSIBLE.**

"There is no need to quarrel with these men, yet it is not right or safe that the happiness and hope of all these scores of millions of our citizens should depend on the mercy, the caprice or the opinions of any twelve or fifty or a hundred men."

"We cannot see how it is possible with this law that we can undergo again the dismal, ruin-billing, heart-taching conditions of 1907 and 1908 and other 'panic years' when money could not be borrowed on any collateral or terms, or that it will hereafter be within the power of any group or confederation of financiers, however numerous, cruel or cruelized, to force a panic or conditions to cause one, for the money supply may not hereafter be immoderately looked up or delayed from its channels, but should rise irresistibly to the level of the necessity."

**CHANGE FINANCIAL RELATIONS.**

Mr. Saxon said the relations of financial New York to the country should be changed from an attitude of dominating ownership to a "friendly partnership."

"We do not propose to use violence to force integration and decentralization, to do anything with a jolt and a jerk. The plan, as I understand it, is to invite decentralization, to encourage it, to give opportunity for it, to make it self-sustaining, to remove the influences which draw it to a center, the money that is paid out to the corporations and deposited in the local banks."

**TRACTOR FLYING MACHINE FOR ARMY**

LOS ANGELES, May 14.—A tractor flying machine, built by Glenn Martin, has been obtained by the United States army for air patrol and scout duty and will be taken to San Diego in a week.

## MRS. PANKHURST WOULD PAY RENT

But Sylvia Plans Rent Strike,  
and Is Read For Party.

LONDON, May 14.—Mrs. Pankhurst and Sylvia Pankhurst are leading a rent strike. This is the real reason why the W. S. P. U. has read Sylvia Pankhurst out of the party. For weeks past Sylvia and her East London Federation of Suffragettes, as they call themselves, have been organizing a movement among the industrial population of the East End, as

a protest against present labor conditions as well as an argument for woman suffrage, to boycott the rent collector. The plan, on a given rent day, for all sympathizers, to refuse to pay the rent of the city not only to refuse to pay up but to resist eviction by force. Several hundred tenants have already signed the anti-rent pledge, to become effective when word is given. Sylvia having agreed to call out her "People's Army," it is necessary, for their protection.

"There was a 'no rent' strike in Chicago a couple of years ago, you will remember," said Sylvia today. "There was only one eviction, and when that took place the strikers came along and wrecked the building. There would be even one

true that we have added red to the W. S. P. U. colors, but that is only to emphasize our revolutionary spirit." The public announcement of the split between Sylvia and her mother came after a secret conference she held with them in Paris, at which Sylvia insisted on utilizing in her own way elements and conditions in the East End that made the work essentially different from that elsewhere in London.

## TWELVE MILLIONS FOR U. S. INDIANS

Senate Committee Completes  
Work on Appropriation  
Measure.

WASHINGTON, May 14.—The Senate committee on Indian affairs completed work on the Indian appropriation bill which Chairman Ashurst is expected to report Friday. The measure carries a total of \$12,049,476 while the House bill carried \$2,617,747. The Senate increase was made in items reimbursable from the In-

diana. The Senate incorporated one change in Indian policy in allowing the Secretary of the Interior to lease Indian grazing, agricultural or mineral lands. The money obtained by such lease goes to the credit of the tribe. This provision does not affect the five civilized tribes in Oklahoma.

## COMPLETE THE AUDITORIUM; PUBLIC WELFARE DEMANDS IT

Forty thousand members of the Mystic Shrine are meeting in Atlanta, Georgia. They are having a good time, for Shriners are men of means. These yearly gatherings are their outings and they will spend money freely. Not one of them will leave less than \$100 in the Southern city. One hundred times 40,000 means \$4,000,000 added to the circulating medium of Atlanta; a tidy sum. As a result Atlanta's trade will be stimulated and everyone will participate in the benefits.

Did you ever stop to consider what outside capital means? Let us talk it over. Jones of Oakland pays Smith of Oakland for building a house. Smith pays Brown for groceries and meat and so on. But it will be noted that in these transactions nothing has been added to the circulating medium.

On the other hand, if a great body selects Oakland for its meeting place and several thousand attend, all the money spent is an addition to local capital and stimulates business in proportion to the amount expended.

Oakland has been selected by several large conventions as an assembling point for 1915. It has been selected because this city is desirable for such purposes, provided always there is a place in which to meet. The fact that this city has started the construction of a mighty building had an effect in securing the National Educational Association and its attendance of 30,000, and the World's Congress of Education, which will bring persons here from every civilized nation on earth. These great bodies must have a place in which to meet, and where, outside the new auditorium, is there a building capable of housing either?

As THE TRIBUNE has stated several times, this auditorium must be constructed. If the bond issue proposed is turned down by a minority of the voters the money will have to be raised by direct taxation. To impose a tax sufficient to complete it in one year would be to add a great burden to the property-owners. To vote bonds means distributing the cost over a term of years, during which time the structure will pay for itself. Once the country understands that Oakland has a building capable of housing the largest bodies which assemble year after year, the possibilities are unlimited. We venture the prediction that this auditorium will bring \$10,000,000 annually to Oakland, a sum by no means to be despised.

It is noted that sentiment in favor of the plan is growing. That those who have the welfare of the city at heart are going to vote in the affirmative on the proposition. The improvement clubs show a disposition to take kindly to the matter, and this paper urges others to fall in line. It would be a municipal crime to impose the entire weight of payment on the taxpayers in one year, and the auditorium must be completed.

## American Occupation of Vera Cruz.

It is interesting to note the complacency with which the citizens of Vera Cruz regard the American occupation. Business has improved and a feeling of security pervades the entire town. Dr. Gorgas has started cleaning up the place and make it sanitary, and to all intents and purposes it is an American city.

The inhabitants have manifested no intention of rebelling against the new military government, but appear to welcome the change, while it is said that many speak optimistically or proboscis intervention.

Conditions show that the Mexicans are susceptible to government of the right sort, and that they are tired of the other kind. At first there was a disposition on the part of the people down there to protest because they appeared to believe that the soldiers were in the town to loot and plunder, but having been shown by practical illustration that such is not the case they are rapidly adjusting themselves to their new environment and by the time peace is accomplished will doubtless regret the departure of Uncle Sam's soldiery.

The Richmond Record-Herald asserts that THE TRIBUNE is "all worked up" over the fact that automobiles are in use in Jerusalem. The Record-Herald's ideas of excitement are unique. If mention of a condition is to be classified as being "worked up," wonder what the Record-Herald would do if an automobile should accidentally visit Richmond?

## A Billion Bushels of Wheat.

According to government estimates, the winter and spring wheat crop this year will be a billion bushels. It is said that never in history has the agricultural year started out with so much promise. The promised yield is a quarter of a billion bushels in advance of the record. It sounds almost like a fairy tale, but Uncle Sam has the figures. An almost perfect crop is growing on 35,387,000 acres, or 4,000,000 acres more than was ever before planted. The winter wheat crop is fixed at 630,000,000 bushels, or 107,000,000 more than last year's record yield.

But not only wheat, but other crops are promising. The acreage of rye and oats and barley has increased. It is too early to say anything about corn, but the prospects are for the planting of a larger area than ever before. If nature continues her kindness through 1914 this will mean more hogs, more fat cattle, more sheep.

Nor is this all. The volume of money has expanded. It is estimated that the circulation per capita is now \$35. This is an increase of nineteen cents over last year. In 1893 the circulation was only \$24 per capita. It looks as if the optimist was coming to his own. With plenty of money at hand and bumper crops there is no reason why business should stand still or limit its transactions. The man with money who declines investment in this year of grace is going to make the biggest mistake of his life.

White Wolf, who is a sort of Chinese Carranza, calls Yuan Shi Kai a traitor. Villa designates Huerta as a little drunkard. So the Mexicans are concerned there seems to be little difference between China and Mexico.

## Jonah Story May Be Correct After All.

Irreverent persons have scoffed at the story of the whale swallowing Jonah. It has been pointed out that a whale, which lives on infusoria, has a narrow throat and could not possibly have swallowed an object as large as a man and all that sort of thing. But these skeptics have failed to read their Bibles. The Book does not mention whales at all. It says:

Now the Lord had prepared a great fish to swallow up Jonah. And Jonah was in the belly of the fish three days and three nights.

Note that word "fish." A whale is not a fish, it is a mammal. It was formerly a dry-land animal. It brings forth its young alive and nurses them at the breast. But that has little to do with the case at point. It appears that the story of Jonah has been justified by the taking of a great "fish" off Florida Keys after a fight of thirty-nine hours, during which five persons and one hundred and fifty bullets were used. The Technical World Magazine for May describing this battle says:

When captured this giant weighed thirty thousand pounds, which did not include a porpoise weighing fifteen hundred pounds. Its length is forty-five feet. A full-grown man could stand upright inside its stomach. The mouth of the creature is more than three feet wide and forty inches deep. The tongue is forty inches long and has several thousand teeth much smaller than those of a baby. The tail looks like the caudal appendage of an aeroplane and is ten feet from tip to tip. The hide is three inches thick and there are no scales. The so-called whale shark will be exhibited at the Panama-Exposition.

Now, in the light of the discovery of this sea monster which can bolt a meal weighing fifteen hundred pounds, who will have the temerity to doubt the story of Jonah? Especially in the face of the statement that "the Lord had prepared a great fish."

It is "officially announced" that General Caminetti thinks he is going to run for Governor on the Democratic ticket.

## HOG IS MOLLYCODDLE

The hog is now a gentleman of leisure. He lives on the cream of the farm. He opens his eyes in a warm wigwag or steam-heated palace. He is warmed and tenderly introduced to the fount of porcine blessing. He basks in the sunlight through glass windows. If his coming is in February, March or April a side dish of appetizing food is within his reach the very first day he can use it. He is fed on the finest grain on the farm. He shares with the calf the skim milk that may be available. Thus from birth to death he lives as an organized appetite, and becomes at maturity an animated large leg.

His ancestors some generations back roamed the woods. His ancient ancestor measured her pigs in a bushel basket, and with the recognized head of the family tested the mettle of the fleetest horse and the courage of the toughest hound. He was clear of vision, brave in spirit, sound in mind and limb. His bones had the strength of the finest steel, and his nose was fearfully and wonderfully made.

A life of luxury has shortened his nose, has refined his form, and has put a lovely little hick in his tail—just too sweet for anything! He can no longer walk to market, but must be carried; and fortunate is he if his bones will stand the shock of rough roads or the severe bumping of two freight cars. Naturally, every pore of this mollycoddle is open to every breath.

every porcine malady that is wafted on the breeze by the wind of change. He is like a thief in the night. If he is caught in the act of stealing a piglet, he is sure to be caught. He is a gluttonous gorging of slop containing milk, cornmeal, bran, sports, codmeal, tankage, is not to blame. We have made him what he is—a mollycoddle, a porcine mollycoddle, a spoiled child of luxury.

Should we go back to the wild boar, the razorback or the hairy splitter? No more than we should go back to the log house or sod stable. But if the hog is to be profitable, he must have more intelligence. We must breed better; must give him a good ground for his name. We must give him a wider range, more grass in summer, and alfalfa hay in winter, more roughage. We must add months to his life by making him work more as a saver of waste, as a scavenger, not to gather up the offal of the streets, but the waste products of the farm. We have afforded to lengthen his nose and his legs, to increase the size of his bones and the width of his chest. We need not be so particular about the drop of his ear, the exact shape of his tail, or whether he has a snort or not, if by giving attention to the essentials instead of to the minor points, and if by making it harder for him to live, we can put some ginger into his constitution—Wallace's Farmer.

## THE "ATHLETIC HEART"

If you would avoid cardiac lesions keep the motive with participant and out of competitive athletics. If you would sidestep hypertrophy and dilation of the heart, or if you would keep on the other side of the street from valvular incompetency, you best be sane and take your athletics in homeopathic doses, or perhaps it would be just as well to indulge in athletic sport purely by mental suggestion.

It appears that some very eminent medical men have been conducting a series of investigations at the University of Wisconsin, where competitive athletic and all these lesion-valvular affections of the heart went hand in hand as it were; and the result of those investigations is the absolute and unequivocal establishment of the "athletic heart."

The Journal of the American Medical Association has given the results of these studies to the world, together with certain conclusions, calculated, as we take it, to discourage indulgence in the more strenuous athletic sports. The conclusion is that we can not sustain competitive athletics on the scale of today.

The peculiar part of this entire business is that not one man in ten thousand is interested in athletic sports because he believes they make the participants healthier. The sport itself is the purpose.

## Twenty Years Ago Today

Two Chinese called at the county jail to see one of their countrymen. Major Gilligan refused to allow them in the jail, as they had no permit. They then handed the warden a bag of cookies and requested that the parcel be given to the prisoners. Major Gilligan inspected the hands and found that a large quantity of prepared opium had been hidden in the cookies. This is the seventh time that an attempt has been made to smuggle opium into the jail while Major Gilligan has been in charge.

Attorney Sam Bell McKee instituted a search this morning for a portion of the late James J. Foley's estate, which is supposed to be missing. There seems to be quite a mystery surrounding the whole matter and Mr. McKee says it is the strangest case he has been connected with for a long time. James Foley arrived in Oakland in 1847 from Mount Crawford, Va. He owned a place in the center of New York and somehow he allowed the title to go off away. Nearly thirty years after he left New York he returned to claim the property. There he found the little house surrounded by great estates. The man claimed to be a property, but he could not be identified as James J. Foley. Finally he met H. W. Carpenter in New York, but he could not find a man in the East who could identify him as the J. J. Foley who suddenly left Virginia in 1847. The old man claimed the property up to the time of his death.

## MELLEN SAYS J. P. MORGAN RULED

He Tells Commission How the Banker Made Him President of Road.

WASHINGTON, May 14.—Former President Charles S. Mellen of the New York, New Haven and Hartford railroad took the stand before the Interstate Commerce Commission in its inquiry into the New Haven's affairs. Counsel Folk called Mr. Mellen despite the controversy between the commission and the Department of Justice as to whether the inquiry should continue in view of the possibility of the testimony rendering with the courts.

The scene at the hearing was one of unusual activity. Commissioner McChord and Chief Counsel Folk arrived about 10:30, and were followed soon by Mr. Mellen and his attorney, J. W. H. Crim.

Chief Counsel Folk began his examination by asking:

"What is your occupation?"

"I am assistant to the Interstate Commerce Commission," replied Mr. Mellen with a broad smile.

"You were directed to produce all documents in relation to the operations of the New Haven railroad," suggested Mr. Folk. "Have you them with you?"

"They are in possession of my counsel."

READY TO TESTIFY.

"I think it becoming to say at this point," interjected Mr. Crim, "that Mr. Mellen is willing to give a full history of his connection with the New Haven. In fact he courts the opportunity."

"When did you become president of the New Haven?" asked Mr. Folk.

"I became president about November 1, 1895," said Mr. Mellen. "Immediately prior to that time I was president of the Northern Pacific Railroad Company."

"What persons were responsible for your being made president of the New Haven?"

"I think the person chiefly responsible," replied Mr. Mellen, "was the late Mr. Morgan. I had met him when I was second vice president of the New Haven, between 1892 and 1897."

"Where did you meet Mr. Morgan to discuss the matter of the presidency of the New Haven?"

"In his office in New York. My connection with the Northern Pacific required me to visit New York about ten times a year and the fact that I was president of that road brought me into close relationship with Mr. Morgan."

JUST REWARD.

"Now I entered into no negotiations with Mr. Morgan concerning the New Haven presidency. Mr. Morgan simply told me he was going to make me president. I thought it was a reward for good service."

"What was your salary?"

"It was \$20,000 a year for a time and afterwards \$25,000."

Mr. Mellen's examination today was brief and his testimony had scarcely begun when an adjournment was taken until next Tuesday. It was stated that the adjournment was designed to allow Mr. Mellen time to secure certain papers necessary to his testimony and to arrange the documents to be submitted to the commission.

EVANGELISTI URGES CLEAN EXPOSITION

Directors Must Remember the Ethical Aspect of World Show, Ostrom Says.

In his address last night to a big audience in the First Presbyterian church, Dr. Henry Ostrom, who is conducting the "Go to Church Conference" this week, diverted for a moment from the main thought of his discourse to plead with the people to help make the Panama-Pacific exposition as clean as possible.

"An immoral exposition will be a failing exposition," he said. "You people who can return to the shelter of your homes may be able to stand the rough house devilry which is being planned for the big fair, but the folks who come thousands of miles from home won't stand for it. The best advertising the management could do in the eastern states would be to say San Francisco was to have a clean exposition."

Dr. Ostrom's address was an appeal to the people to give themselves to the

RIGHT GIVING.

"Many people," he said, "give their money, their culture and refinement, their voices, in fact, for everything but themselves. What God wants is you. He does not want your gifts, he wants you, he wants your love."

This led Ostrom to refer to the emphasis placed today upon social service and to illustrate it by picking a rose from the vase before him and held it blossom down, stem up.

"This," he said, "is what you get when you put social betterment first—rose come first then social betterment."

At today's sessions in the First Presbyterian church, the Rev. A. J. Mayfield, the Rev. Bain, secretary of the Anti-Saloon league, and Eddie Young, former featherweight prize fighter spoke.

SPRITUALITY NEEDED.

Rev. Atkinson spoke of the needs of making the Sunday services of May 17 as spiritual as possible and not a display of pride in our special achievement.

The Rev. Bain spoke enthusiastically of the outlook for prohibition in California.

Eddie Young told his story of how he turned from prizefighter to preacher. He said:

"I'm still a fighter, because I'm fighting sin now."

At the session tonight, which will be held in the First Methodist church, Dr. Ostrom will again address the people. Many visitors were present last night from Berkeley, Alameda, Palo Alto and other places, where Henry Ostrom has conducted his tabernacle campaigns.

The closing session of the conference will be held Friday night in the First Congregational church.

PLACE OF CHURCH.

Speaking of the campaign, Rev. C. R. Dille of Berkeley said today:

"It is felt that not proper honor is being given the churches in the whirlwind progress of civilization, that there is not a proper appreciation of the spiritual work being accomplished quietly, unostentatiously, by the churches in building up clean, self-respecting and law-abiding communities."

During a discourse from mental worries and deep griefs to all, and in maintaining the integrity of a human home life, so highly honored throughout the world.

"Next Sunday, May 17, has been set aside by all the ministers of the east bay cities as a 'Go to Church' Sunday. Every sermon will deal with the importance of the religious life of a community, with the need of a larger attendance, and the vital necessity of developing the spiritual nature along with the materialistic nature."

"We make a plea for every man, woman and child in the east bay cities to attend some church next Sunday, to devote just one hour to finding out just what the churches have to offer. An agreeable surprise is in store for many persons who have not attended church regularly in the past few years, who still believe our religious institutions to be the same narrow, bigoted churches of a decade ago."

"The church has made wonderful strides forward in the last ten years. The day of the dry, uninteresting sermon is gone forever. Today we preach vital, human sermons, sermons which come close to the heart of things, deal with the problems of our people and make religion a living part of life. Biblical researches have brought forth new light on the early history of religion, have confirmed many passages in the Scriptures regarded as doubtful, and have lent a real interest to the teaching of religion."

"Nor is the minister of today bound to a strictly Scriptural text for his sermon. Modern times call for a vital problem facing the community is taken for the theme of the sermon-address, and various problems are discussed in the light of the Bible."

LESSON OF PAST.

"It is shown now the laws of Moses and the teaching of Jesus Christ can be fitted into solving our difficulties and troubles of the present day. And through the sermon, runs the constant appeal to the higher and nobler part of our nature, our life, our beliefs. No man can attend church today and not be immeasurably benefited."

"But it is disheartening to a minister to preach to rows of empty seats, to know that his words, over which he has labored long and earnestly to make them of value to his congregation, will fall to reach one-half of the people that they should."

The churches are glad that their ministers be encouraged, rather than discouraged. With a full attendance, much more in the way of rescue work and in bringing young people into the fold can be done. So let us fill the churches, not only next Sunday, but every Sunday."

And Mr. and Mrs. George Parsons, leaving San Francisco the main highway was followed to Burlingame. There a lunch had been ordered prepared and the party took it along and picnicked by the side of a rambling brook.

"We left the main road at Tom's cabin," said Elliott in telling of the trip.

## SPRING VALLEY IS IDEAL S. F. TOUR

Cadillac Party Finds Scenic Trip for Sunday Auto Drive.

(By EDMUND CRINNION.)

One of the most beautiful trips within thirty-five miles of San Francisco is that around the Spring Valley lakes in the hills west of Burlingame. Part of this road is through private property and it is necessary to secure a permit from the Spring Valley Water Company.

The trip was made last Sunday in a Cadillac, convertible by Mr. and Mrs. A. J. Crinnion.

And Mr. and Mrs. George Parsons, leaving San Francisco the main highway was followed to Burlingame. There a lunch had been ordered prepared and the party took it along and picnicked by the side of a rambling brook.

"We left the main road at Tom's cabin," said Elliott in telling of the trip.

"and followed a good road for five miles to the lake. Here we crossed on the dam and secured the permit for driving through the private property. The private road turns to the right from the dam while the public highway continues on to the left."

"There is a steep winding road to the summit where a beautiful view unfolds itself. The road is narrow and the country very wild and rugged. One would hardly imagine that San Francisco was so short a distance away. This is one of the most beautiful spots within a hundred miles of San Francisco and for private property."

"The trip was made last Sunday in a Cadillac, convertible by Mr. and Mrs. A. J. Crinnion."

And Mr. and Mrs. George Parsons, leaving San Francisco the main highway was followed to Burlingame. There a lunch had been ordered prepared and the party took it along and picnicked by the side of a rambling brook.

"We left the main road at Tom's cabin," said Elliott in telling of the trip.

"On my way home I spent a day in Oakland looking over trade conditions as

business in the East is always a sure indication of what we may expect on the coast. I found that the automobile trade in Chicago was enjoying a splendid business. The day I was there our Overland agent sold twenty-three cars at retail."

"This condition was not exceptional as I found the representatives of other makes enjoying a like amount of prosperity. It did me good to see so many buyers and showed a confidence which undoubtedly will shortly reach the coast. From what I saw I am certain that within the next thirty days the buying season will be in full swing."

**FISK STATEMENT.**

The Fisk Rubber Company reports the following statement of its condition as of October 31, 1913:

Assets—Real estate, \$48,825; machinery and equipment, \$1,300,027; manufacturing plant, \$2,672,731; cash and debts receivable, \$1,659,141; deferred charges, \$72,073; good will, trade marks and patent rights, \$8,000,000; total, \$14,382,587.

Liabilities—Capital stock, \$13,000,000; accounts payable, \$1,145,825; reserve for depreciation, \$1,000,000; total, \$15,145,825.

A large delegation of Overland representatives will leave this week for the annual convention at the Overland factory.

**NEW COUNTY LAND LAW PROPOSED IN PETITION**

SACRAMENTO, May 14.—An initiative petition received by Secretary of State Jordan from Tulare county today provides that the county governments of California must buy land when fifty applications are made for it to be leased to the applicants at an annual rental of 4 1/2 per cent of the total valuation.

county or municipal land, can be so leased and that when such land is entirely taken up the presence of fifty applications for land for settlement compels the various boards of supervisors to purchase more land to lease to the settlers.

This scheme, if it were carried out to its conclusion, would mean that finally

all land in California would be owned by the county governments and leased to the workers thereof.

The leases would run for a period of thirty-five years, with a perpetual right of renewal. A revaluation of these lands would be made every five years. Within the first 6 years of occupancy the workers of the land would be required to improve it by buildings, farm machinery and crops to 50 per cent of its original valuation.

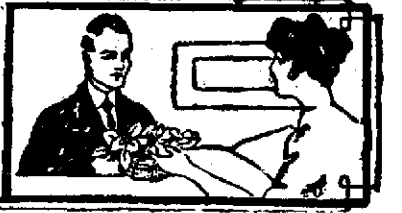

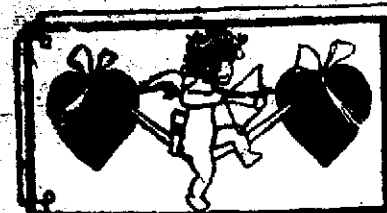

Should the applicant for these lands be without the necessary funds to erect a house, the act makes it mandatory upon the county to advance the money for the house not costing over \$250, the cost to be repaid in installments by the workers. The petition is signed by thirty-four residents of Tulare county. About 31,000 signatures would be necessary to give it a place on the ballot.

MISS RUTH DONAHUE OF THE GRADUATING CLASS OF MISS HEAD'S SCHOOL.—Webster Photo.

**REVELATION** of the season has been the monologues of Mrs. Carolan, or rather the way she gives them, charmingly with a light touch of finished art that is rather French in effect. She might be Rejane giving monologues in English. Or Mrs. Pat Campbell-Cornwallis-West—reference to the famous resemblance is irresistible. Mrs. Carolan's accomplishment was discovered at meetings of the Dramatic Musical Club, that is quite the most interesting club in San Francisco society. It was an inspiration of Mrs. George Mendell and one or two others last winter. Mrs. Mendell is the president, Mrs. M. C. Sloss vice-president and Mrs. William Hinkley Taylor of Oakland is secretary and treasurer.

There is a lot of talent among maids and matrons of the smart set, and it was the idea of the club to encourage it. But even Mrs. Mendell hadn't counted on the amount of really unusual dramatic and musical ability her friends possessed. There is Mrs. Taylor, who might be a leading lady on the stage. She has taken the principal roles in one or two plays and acted with so much charm and spirit that a generous share of honors of the winter belong to her. Then there are the Wheeler girls, Lillias, Olive, Jean and Elizabeth. Everyone admires them, and with their fresh young beauty and musical gifts they have proved most accomplished actresses. Mrs. George Kelham's lovely voice has been heard, and there was another revelation in her dancing. No one had guessed that she was a second Mrs. Vernon Castle for grace and rhythm.

One of the most interesting meetings was the last one of the season at Miss Ruth Donahue's. The club has adjourned until October, when the list of active members will be increased from forty to fifty—there are so many who have talents they are eager to prove. There is a limited list of associate members and no others are invited to the meetings. It is merely a club of amateurs, among friends, but for all that the most interesting club in society.

### MISS WILSON ENTERTAINS.

Miss Mary E. Wilson entertained the graduating class of Miss Head's school, at luncheon at the Claremont Country club this afternoon. The guests were: Miss Ruth Donahue, Miss Helen Davis, Miss Lillias West, Miss Elizabeth Finch, Miss Madeleine Harris, Miss Ruth Hildebrandt, Miss Alice Johnson, Miss Ruth Kimball, Miss Dorothy Lippitt, Miss Miriam Marks, Miss Edna Sellers, Miss Edith Shearman, Miss Zada Stephens, Miss Mabel Tuttle, Miss Ruby Vandusen, Miss Jane Williams, Miss Gladys Whitman, and Miss Katherine Whitton.

### TO GIVE LARGE RECEPTION.

Mrs. William Barbour and Miss Anna Barbour have sent out 400 invitations for a reception to be given Thursday afternoon, May 28, in honor of Mrs. Samuel Barbour (Mildred Wells), a bride of last month. It will be an elaborate affair at the Barbour home in Piedmont. Among the guests will be a large number of the younger set. Since their return from their honeymoon, Mrs. Barbour and her husband have been at the Wells residence in Telegraph avenue, where they will make their home.

### KARMANY'S ARRIVE.

Colonel and Mrs. Lincoln Karmany arrived yesterday in Sacramento from Washington, D. C., and were guests over night of Mrs. Karmany's brother and sister-in-law, Mr. and Mrs. J. P. Edwards. Today they went to Mare Island, where Colonel Karmany is to be stationed. Mrs. Karmany was formerly Mrs. Georgia Edwards Cook, daughter of the late Mrs. Henry Butters, and a sister of Mrs. R. A. Bray, Mrs. Victor Metcalf Jr., and Mrs. Charles Tenney. She was a favorite in society and Colonel Karmany is one of the most popular officers in the service, so their return to California is a great pleasure to their friends. After their marriage Colonel and Mrs. Karmany were stationed in Manila and for the past year they have been in Washington. They will be guests at the service residence in Piedmont shortly and Mrs. Karmany will be cordially greeted by a host of friends.

### LEAVE FOR EUROPE.

Miss Mildred and Robert Hills left yesterday afternoon for the East, en route to Europe. They will join Mrs. Hills' husband in England and will spend the greater part of the summer touring the continent. Later they will go to the different countries, which will extend over an indefinite time, possibly a year. Miss Hills and her husband are natives of California with the commencement yesterday, and will continue their studies abroad.

### GOODRICH-WHITNEY WEDDING.

This afternoon the wedding of Miss Elizabeth Goodrich and Dr. James Lyman Whitney took place at "El Quito," the Goodrich place near Los Gatos. The ceremony was performed in the beautiful garden of "El Quito." Rev. Charles Dutton of the First Presbyterian church, San Francisco, officiating. The bride was crowned in white but wore no veil, and there were no bridesmaids. The ceremony was a wedding breakfast for 20, the guests including only the relatives and a few intimate friends. Among them were Mr. and Mrs. Fred Orr and Mrs. John Orr of Oakland, who is the bride's aunt, and Mr. and Mrs. Shafter Howard of San Francisco. Dr. and Mrs. Whitney will go abroad on their honeymoon, and after a visit to remain in Paris, will go to Vienna. They will live in San Francisco. Mrs. Whitney is a granddaughter of the late Dr. Charles Shafter of Oakland, whose family home was the present occupying residence on the shore of Lake Merritt. She is the daughter of Mrs. E. E. Goodrich and a niece of Mrs. Orr and Mrs. Emma Shafter Howard.

### MISS SPRING ENTERTAINS.

Miss Anne Spring was hostess at a bridge luncheon in honor of Miss Pearl Cawston, this afternoon, at her home in Thousand Oaks, Berkeley. Among the guests were Miss Florence Henshaw, and Miss Esther Bradner of Seattle, who is Miss Cawston's guest at the Tyler Henshaw residence.

## How Eyes Change Color

(By LILLIAN RUSSELL)

**H**AVE you noticed how the color of your eyes changes with the weather, and sometimes with the color you wear? With almost everything that the eyes take contrast to bring out color. For instance, a portrait of a blonde woman almost invariably has blue in the background, and somewhere about the portrait of a brunette you will find pink or red, blended to accentuate the dark skin and hair.

It is curious how the eyes take nature, a color brings out a color. You will see a rosy cheeked girl with a rose colored hat on her head; remove the hat and replace it by a brown or green one and she will look pale. A blue hat or veil casts a blue shade over the face, so that the sweetest natural complexion will appear as if colored. You can make your blue eyes or gray-blue eyes deeper in color it is only a matter of contrast.

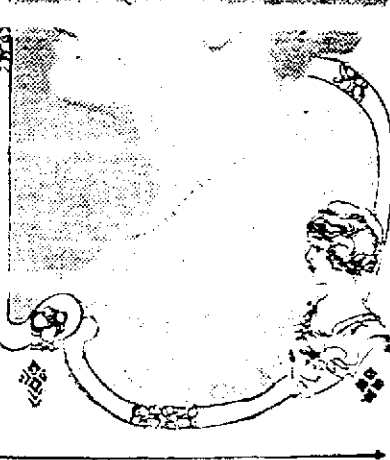

ing or much blue trimming upon your hat the same shade will be the blue to darker the eyes.

The same principle works with rich violet colorings. Often blue eyes appear like violets under a purple hat. Brown and dull reds will darken and deepen brown eyes when worn around the shoulders, or on the head. These colors are colors which will take the color out of the eyes. The mustard yellow, so fashionable just now, or ashy brown color call it, while it flatters black hair, is positively fatal to complexion. It is a color that fades all color out of blue eyes and makes brown eyes look absolutely pale. Some pale shades of pink gowns are becoming to both blondes and brunettes, for they cast a soft glow over the complexion and eyes. Blue gowns on a blonde or not too pale a violet color will deepen the color of the eyes and make the skin appear pearly. Blondes should avoid tan colored clothes; only dark brown is becoming to fair hair.

White is illuminating to every complexion, woman and child. It enhances the color of the complexion and hair, but it only brightens the eyes, it has no effect upon their color.

### Answers to Queries.

**MISS B.**—If you have been wearing flat heels for such a long time it would not be advisable for you to wear high ones now. This strains the arch of your foot and you may break down. The best to go into high heels gradually. If you do put high heels on now you will find after wearing them for a short time the arch of your foot will ache. This shows there is a strain on it. I do not advise you to wear the high heels, especially if they have been accustomed to high ones, for when

color. While a soft canary yellow will tone down any strong color by reflection, too deep a yellow will cause the cheeks and lips to look pale. Colors have a great influence upon our appearance and should be studied for more than they are at present. A beautiful girl can be made to appear positively plain and expressionless by violent colors or unsuitable colors while beauty can be enhanced by the proper dressing of the head and shoulders. Remember: You can influence your eyes and those of your admirers by the color you wear.

you do put high heels back on again you will have trouble with your feet.

**CHARLIE**—I think it would be best to take the wig to a hair-dresser and have it bleached. I am sure you would get better results.

**E. N.**—Water is just as necessary as food to keep the system and complexion in good order. Take a glass of hot water before breakfast and several glasses of water between meals. Never drink water with your meals. Never drink ice cold water.

LESSON V.—PART II.

WRINKLES AND FACIAL MASSAGE.

Massage Movements (Continued.)

No. 4.—Stretch the last three fingers of both hands with cream and place the second finger in the hollows at the base

towards the ears, letting the other fingers follow. Repeat ten times, the object being to stretch the mouth.

No. 5.—For this movement moisten all the fingers with cream; place the first and second fingers of each hand, one above and one below the chin, separate and draw the hands towards the ears, letting the other fingers follow on the neck.

No. 6.—This last movement is to correct any tendency towards sagging cheeks and to strengthen the muscles in the lower part of the face. Commence by putting a liberal amount of cream on the fingers of the right hand and place them on the lower part of the left cheek, holding the hand with the wrist at a level with the forehead. Treat the face to a series of little tapping movements, running the fingers from the jawbone up to the left temple. Do this six to eight times and repeat with the left hand on the right side of the face.

The muscles of the face have now been treated. The question of the neck and hollows and lines about the ears we will take up in a future lesson, although exercise No. 5 corrects a tendency towards a double chin, while it causes lines from the mouth downwards. To follow up this massage treatment remove surplus cream with a soft cloth, bathe the face with very cold water or with an astringent lotion and once a week an ice treatment may be given.

### ICE TREATMENT.

Wrap a small piece of ice in soft, clean linen and rub it over the face, beginning with the neck and moving up towards the temples. Do this with a steady movement, but keep the general tendency of all movements upwards.

### EXPRESSION.

The question of expression has a great deal to do with the formation of wrinkles and I beg my pupils to watch carefully for any habits of frowning and depressing the face. If bad habits are persisted in, they will make lines as rapidly as we can take them out. In a future lesson I shall take up the subject thoroughly and give rules for facial exercises which will exercise the facial muscles and correct such faults.

Notes.—Movements 1, 2, and 3 of these exercises were printed in the last article and should be practiced and read for full information on the subject.

*Mme. La Belle*

In the next lesson Madame La Belle will take up the question of the eyes, how to care for them in childhood and maturity, and how to preserve and improve their beauty. Madame La Belle will be glad to answer any questions sent to her in care of this office and such will be treated confidentially.

LOS ANGELES, May 14.—"Matrimony is not a lottery. It's a sure thing. You're sure to get your share in it. It's a modernist."

"Marriage," said the new divorcee, "like everything else, should be a 50-50 proposition. When it begins to be 70-30, or 80-20, it's time for the small ender to subtract her share."

Miss Ingham, who is a moving picture queen, and will remain in her new home, said that she was a modernist.

NEW YORK, May 14.—Among the latest prominent American women who are organizing dancing clubs is Mrs. Walter Pulitzer, who will formally open Maison de Maitre at 12 East Forty-eighth street, Thursday night. There may be some here or there at exhibitions or on the stage, but the tango was too intricate. Did you ever watch a couple dancing the tango? It looked more like a midnight masquerade. That's why the tango failed, not because the church or the Kaiser prohibited it."

## 'THIS WILL MAKE YOU VERY HAPPY, ALICE!'

"Remember the coat we admired on at the ball game the other afternoon? 'Twas short and cut loose, and I said I knew the girl who wore it."

"Well, I happened to meet her again yesterday. She had on that stunning coat, too, and though I don't know her very well, I just had to ask her where she bought it."

"What do you think she told me? She bought that coat at CHERRY'S. You can imagine my delight, for I thought right away of how you and I could get coats at Cherry's and USE OUR CREDIT."

"And Cherry's pretty stores are simply filled with exquisite new Short Coats in all the late styles and charming

## H. L. PATCH ARRESTED IN RENO FOR DESERTION

RENO, May 14.—Harry L. Patch of Cambridge, Mass., was arrested early this morning by Chief of Police Hillhouse and two Massachusetts detectives on a warrant charging wife desertion. Extradition papers will be presented to Governor Oddie for his signature today. Patch, who has been in Reno for a year, declares he will fight his removal.

## UNIVERSITY-GOVERNMENT CO-OPERATION PLAN FAILS

NEW YORK, May 14.—The University and Public Service National Conference adjourned yesterday after two days' sessions, without adopting a concrete plan for co-operation between institutions of higher learning and federal, state and municipal governments in the training of public servants. Provision was made for annual conferences, however.

## MAJOR BARTLETT IN VALIANT RESCUE

Taken to County Jail, However, "By a Set of Curious Chances."

Captured, after a wild chase by Piedmont policemen, nearly rescued by Major Charles S. M. Bartlett, who thought the policemen were thugs attacking an innocent man, and finally locked in the Alameda county jail, Frank Morrison, a teamster, is being held on a charge of frightening Miss Georgiana Carden and Miss Beatrice Smith, teachers at Miss Ransom's School in Piedmont. He declares that he was only driving his horse and that when they saw his knife they screamed and fled. Major Bartlett was also arrested but released on his own

bond in good faith. Neighbors, he said, told him a man was being murdered. He seized a large revolver and went to the rescue, to find that Fire Chief T. C. Parker and Deputy Marshal F. W. Banks were the "murderers."

The two teachers were walking in the hills, they say, when they came upon the man. He turned, they say, and started for them with a long knife. Screaming, they fled from the spot, and Deputy Marshal

gated. They informed him that a man was chasing them with a knife. Morrison was chased by a fire chief, calling the fire chief, gave chase.

Morrison was cornered near Brookside Manor, and proceeded to put up a stiff resistance. Mrs. Oscar Weston and Mrs. T. J. Dowling, neighbors, saw the fight, and hastened to Major Bartlett's home, telling him of the supposed murder. The major proceeded to the scene.

He covered the two officers as they were overpowering their prisoner. He wouldn't believe they were officers at first. Finally, after inspecting their stars, he permitted them to make the arrest, and then was disagreeably surprised when Banks took him into custody too. Justice of the Peace Craig decided that the affair took place over the Piedmont line, and the major was taken to the Oakland city prison, where he was released at once. The accused teamster will come up for examination in the Piedmont justice's court.

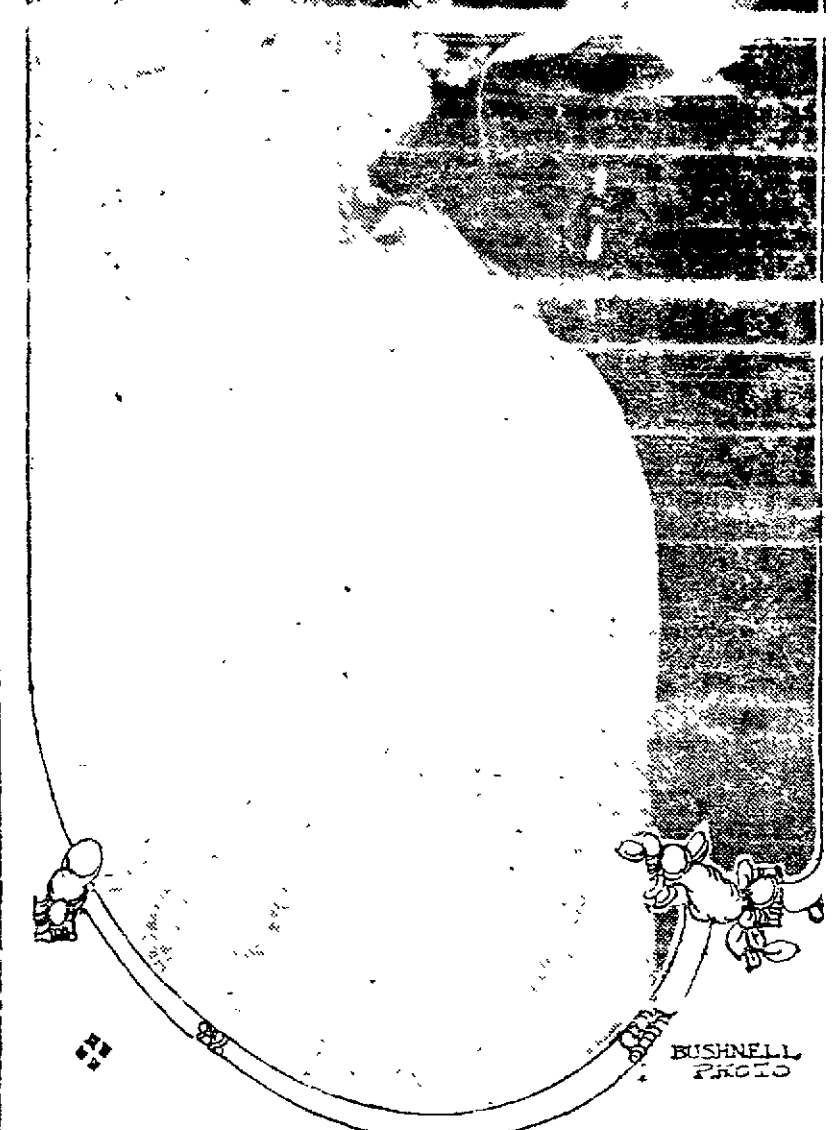

## RED GLARE TO SHOW THEATER ON MOUNTAIN

From Point Rock on Mount Tamalpais, at the gateway to the Mountain Theater, a red glare is to be staged Sunday afternoon, a red glare will flash out for an hour or more Friday and Saturday nights.

From after dark on the mountain, where the dusk falls many minutes later than in the lower levels about the bay, red fire will be lighted on the towering rock, and kept burning steadily. The illumination has been planned by the Mountain Play committee to show from San Francisco and bay cities, the actual location of the Mountain Theater.

Dress rehearsals are being continued in Berkeley, under direction of Garnet Holme and Dr. Arthur W. Ryder, although the action and lines go quite smoothly already. The final dress rehearsal will be held in the Mountain Theater Sunday morning.

## BRIDGE GAMES AT FETE SOCIETY WOMEN ENTER

MISS LOUISE JURGENSEN, CLEVER OAKLAND DANCER, WHO WILL BE SEEN AT LADIES' RELIEF SOCIETY FESTIVAL.

## Relief Society Sets Art Gallery Aside for Cards During May Festival

Another attraction has been added to the list for the Ladies' Relief Society fete next Saturday at Piedmont Park. Owing to an expressed desire for bridge, there are to be bridge tables in the beautiful Art Gallery, and the bridge section is to be under the special direction of Mrs. Victor H. Metcalf, who is herself one of the finest players on this side of the bay.

Well known women are to be among the hostesses of the afternoon, and among those who have invited guests to these tables are:

Mrs. Harry Chickering, Miss Florence Benshaw, Mrs. A. S. MacFarland, Mrs. Edward Howard, Mrs. Kendall Morgan, Mrs. Charles Hubbard, Mrs. John Louis Lohse, Mrs. Frank Porter, Mrs. Hayward Thomas, Mrs. Charles E. Furbelle, Mrs. Porter, Mrs. Charles D. Bates Jr., Mrs. William Pierce Johnson, Mrs. Robert Fitz-

## MAN WHO AIDED DEWEY AT MANILA IN COURT

Introducing himself as "the man who cut the cables for Admiral Dewey at Manila bay in May, 1898," John Lunderman, now a rancher on the Dublin canyon road, went on the witness stand in Superior Judge Waste's court yesterday afternoon to testify in a suit he is pressing against real estate men to recover property which, he said, he pledged in exchange for less valuable property in Oakland.

The suit is against J. D. Hall and Manuel Cusko. Lunderman explains that he and his wife agreed to exchange their ranch property valued at \$4000 for city property, said to be worth \$8500. He says that the real estate men secured his wife's signature to the deeds while she was in a hospital.

When the exchange went through Lunderman alleges that he discovered the new possession was worth but \$2500 and that it had a lien against it for \$1500. He wants the transaction declared null and void.

The matter will be decided by Judge Waste next Monday.

## MAY REMOVE PORTRAIT OF WILDE FROM HALL

CHICAGO, England, May 14.—The four collectors have resolved to remove the portrait of Oscar Wilde from the town hall where it was recently placed. The portrait cost \$1000. Some objected to the inclusion of the picture on artistic grounds, but the majority were prompted by a real reverence for the artist and a resolution to rid the proposed action, and several of the trustees of the city, Ellet, Brown and Shelley also should not be removed.

**CHICAGO CAPITALISTS BUY MANGANESE LAND**

SAN FRANCISCO, May 14.—A party of capitalists and merchants of Chicago, who have purchased the properties of the Sonoma Manganese Company in Sonoma county, arrived here yesterday and are staying at the St. Francis Hotel.

The party which is here to look over the manganese property are H. T. Powers, president of the Old Colony Trust and Savings Bank; Hugo Meyer, vice-president of the same corporation; H. S. Doyle, general manager of the American Steel and Wire Company; Frank A. Janda and John Wiegert, clothing manufacturers; R. D. Sullivan, vice-president of the Timber Products Company; Olaf Johnson, president of the Johnson Chair Company; N. G. Givson, president of the Gibson Fruit Company; Samuel F. Knox and C. E. Nelson, attorneys; C. E. Boynton, an engineer; Edward Sayre and N. A. Baker, a capitalist.

Due to kidney trouble and backache, your kidneys surely need help—and quickly—when your hands and feet thicken, your eyes and nose feel full, your back aches, your head aches, and there is a puffiness about the eyes. Take Foley's Kidney Pills at once. They act directly and quickly, and the result is a regular, normal action that keeps the uric acid out of your system. No substitute. Sold everywhere.
